Keynote Presentation

Francesca Conte

University of Messina, Italy

Title: Title will be updated soon

Keynote Presentation slots are available

Oral Presentations

Maryam Mohammed Al-Ghazali

Sultan Qaboos University, Oman

Title: Functionality of Edible Coating in Food product

Serenella Seccia

University of Naples Federico, Italy

Title: Detection of Endocrine-Disrupting
Chemicals in Milk

Shanmuganathan

Alagappa University, India

Title: An Independent Group of Contaminants with Concurrent
Consumption limits for Food products as an aspect of Regulatory
Measures

Valder Alejandro Gomez Silva

Universidad Autonoma Chapingo, Mexico

Title: Development of Ate and dehydrated Feijoa product, through
the process of osmotic dehydration

Pouya Ebrahimi

Islamic Azad University, Iran

Title: Effect of Iron Nanoparticles on the Intestinal Bacterial Flora
and Histology of the Intestine and Kidney in Stellate Sturgeon

Yakov Verkhivker

Odessa National Technological University,
Ukraine

Title: Food Safety in Ukraine

Behjat Tajeddin

Agricultural Engineering Research
Institute, Iran

Title: Residual poisons or chemicals in agricultural products:
hidden wastes that need to be measured

Abir Becheker

University of Badji Mokhtar, Algéria

Title: Analysis of biochemical parameters of tomato paste
according to the technological continuous process

Ankur Aggarwal

Banaras Hindu University, India

Title: Title will be updated soon

Leyla Nesrin Kahyaoglu

Middle East Technical University, USA

Title: Title will be updated soon

Kikelomo Opatola

Department of Corporate Sales Strategist
Public Health Physician in Epidemiology,
Nigeria

Title: Food Products Development and Entrepreneurship

Ahmad Salisu Yahaya

Department of Fellow Member Eudoxia
Research University, USA

Title: Food science

Ogunleye Oluwadunsin Augustine
Bons industries limited, Agbara, Nigeria

Title: Food Production's Sustainable Practices: Balancing Environmental Responsibilities with Safety.

Becheker Abir
Badji Mokhtar Annaba University, Algeria

Title: Analysis of biochemical parameters of tomato paste according to the technological continuous process

Tougan Polycarpe
Ulbad Parakou University, Benin

Title: Determinants of quality, ISO 22000 and food safety systems adoption in the dairy-food sector in Benin

Zawu Yoowa Duyann
Food Safety-Federal University of
Technology, Nigeria

Title: The Trend of Mycotoxin Contamination in Rice

Oral Presentation slots are available
