Keynote Presentations

Osman Adiguzel
Firat University, Department of Physics, Elazig, Turkey

Title: Memory Characteristics and Lattice Reactions Governing Reversibility in Shape Memory Alloys

Rahul Hajare
Sandip University, India

Title: Synthesis and Luminescence of Nanoporous Anodic Alumina Embedded with Vanadyl–Citrate Complexes

Keynote Presentation Slots are Available...

Oral Presentations

Beatrice Carolina Iaia
Biotitan powered by True Energy, Italy

Title: Maintenance and Sanitization: Nanotechnologies at the Service of Daily and Conservative Activities

Stuart P. Harper,
The University of Warwick,
United Kingdom

Title: A complex problem solving approach to design a synthetic self healing materials system

Jyoti Menghani,
S.V National Institute of
Technology, India

Title: Development and Characterization of Biodegradable PLA-Based Metal-Reinforced Composites for Orthopaedic Applications

CHOUBI Manal
Hassan II University of
Casablanca, Morocco

Title: Magnetic properties and magnetocaloric effect of ferrimagnetic systems between the analytical approach and Monte Carlo simulation

Rakesh Manilal H. Patel
Government Science College
Gandhinagar, India

Title: Modern Approaches to Discovering and Developing Plant-Based Natural Products and Their Analogues as Potential Therapeutic Agents with Applications of Nanomaterials

Mohamed Abbas Ibrahim
King Saud University, Riyadh,
Saudi Arabia

Title: Applications of Nanotechnology in Drug Delivery: Recent Advances

Oral Presentation Slots are Available...

Poster Presentations

Camila Quezada Mella,
Universidad de Concepción,
Chile

Title: Lateral Flow Sensor Coupled to Raman Spectroscopy for the Detection of Carcinoembryonic Antigen Using Molecularly Imprinted Polymer Nanoparticles

Alexis Salas Salgado,
Universidad de Concepcion,
Concepcion, Chile

Title: Mechanical performance recovery in recycled carbon fiber composites through nanoparticle reinforcement

Said Elmassi
Cadi Ayyad, Morocco

Title: Effect of temperature annealing on structural, optical and electrical properties of nickel oxide thin films synthesized by the RF sputtering

Vladimir Pastushenko
Lvov National University,
Ukraine

Title: Collection of properties of matter

Poster Presentation Slots are Available...
